Westmark's everyday helpers

What was effortless yesterday is a headache today? It's not just in old age that we face new challenges every day. Everyday life can change from one day to the next and then you are dependent on aids. For this reason, Westmark expanded its range last year to include clever everyday helpers, such as feather dusters with telescopic handles, and there are also new products in this area this year:

The practical loupe magnifies texts or objects by a factor of 4. The integrated light also enables use in darkened rooms.

Reading glass with lamp

The pill box is ideal for medication or food supplements. Each of the seven daily boxes has four individual compartments (morning, midday, evening, night) and can be easily removed from the carrier and replaced. Ideal for planning ahead for the next week, for travelling or simply on the go.

MADE IN GERMANY

There are also new helpers for everyday kitchen use:

The baggy rack food stand makes filling freezer bags, piping bags and smaller bags child's play. The height-adjustable holding elements and the rubberised base ensure easy and safe handling.

Baggy rack food stand

Another clever helper is the new bottle brush. With a length of approx. 39 cm, it is ideal for cleaning tall glasses, bottles or jugs. The ergonomic handle ensures a firm grip and the easy-care silicone is also gentle on all materials.

Bottle brush

With these new products, Westmark is building on an existing range of clever everyday and kitchen helpers that make life easier for all of us - whether small or large, young or old, temporarily or permanently disabled. Be it an electric can opener, a fly swatter with telescopic handle or a practical all-purpose slicer, with Westmark you are well equipped.

About Westmark GmbH

As a manufacturer of kitchen utensils and household goods, Westmark has been on the market since 1956! The company specialises in simplifying kitchen, cooking and enjoyment activities. True to the motto: Westmark - Make it easy! Optimum function is particularly important here. The high-quality kitchen tools do what they are supposed to do: They help with the preparation! Unobtrusive, but very reliable. This makes it easy. Try it out for yourself.
